

Internship status meeting 2

Report

In the meeting, we focused on discussing our Mount Pleasant network overhaul project, detailing our completed work and outlining our next steps to Piet Boedt, our KdG coach. He was very impressed with our progress and documentation efforts. Additionally, Piet shared insights on how KdG manages its IT infrastructure, particularly emphasizing security practices.

Conclusion

Overall, this was another positive meeting. We are on track with our project and have received valuable feedback from Piet. We will continue to work on our documentation and keep the team informed of our progress.
